

Call for Papers
Emerging Wireless Networks and Protocols Workshop, ICNC 2014
Honolulu, Hawaii, February 3-6, 2014

Workshop Chair

Tsang-Ling Sheu, National Sun Yat-Sen University, Taiwan

Email : sheu@ee.nsysu.edu.tw

Workshop Co-Chair

Bo Li, Hong Kong University of Science and Technology, HK

Email: bli@cse.ust.hk

Scope

There is a growing need for people to communicate with each other and have timely access to information regardless of the location of the individuals or the information. Emerging Wireless Networks and Protocols (EWNP) pose an engineering challenge that can be met only with an efficient and reliable network. The demand for wireless networks is increasing, and its sophistication and ubiquity has led to the need for a better understanding of fundamental issues. The Workshop of EWNP intends to provide a forum for researchers, educators, and professionals to exchange their discoveries and practices, and to explore future trends and applications. Your presentation at the workshop would be an excellent opportunity for you to meet colleagues and to discuss technology advancements. Possible topics of interest include, but are not limited to:

- 4G WiMAX/LTE-A Technology
- Communication Protocol and Architecture
- Wireless Access Techniques
- Multimedia Communication and System
- Personal Communication System
- Mobile Ad-hoc Network
- Sensor Network
- Vehicular Network
- Network Performance, Analysis, and Evaluation
- Quality of Services (QoS)
- Innovative Networking and Applications

Submission Guidelines

Please follow the author instructions at <http://www.conf-icnc.org/2014/author.htm>

Direct paper submission web-link of this workshop can be found at

<https://edas.info/newPaper.php?c=15075&track=33419>

Paper Submission Deadline: 2013/8/31

Acceptance Notification: 2013/9/20
